

14 JAN 1965

Mr. Arthur B. Focke
General Counsel
Bureau of the Budget
Washington 25, D.C.

Dear Mr. Focke:

This is in response to your letter of 22 December 1964 requesting this Agency's views on a proposed executive order entitled "Amending Regulations Relating to the Safeguarding of Vessels, Harbors, Ports, and Waterfront Facilities of the United States."

The National Security Act of 1947, which established the Central Intelligence Agency, precludes the Agency from exercising any internal security functions or police powers. However, the Agency is fully in accord with the objectives of the proposed executive order and would favor its approval.

Sincerely,

John S. Warner
Legislative Counsel

Ray Rocca's secretary called on proposed executive order to safeguard vessels, water front facilities, etc. She said that this actually was taken care of in IDSIS in which Mr. Rocca is ad hoc representative. She said it was approved at that point, and that they have nothing further on it.

Sec. What about security?

*Mr. Osborne signed their answer today. We should get it tomorrow.
